
FLAIRMO A200.25S – OIL-FREE COMPRESSOR

The FLAIRMO A200.25S compressor stations are built with as few electronic components as possible and can all run continuously with a relatively low noise level and a minimum level of service is required. The oil-free compressor line is offering reliable compressed air with a long lifetime that fits the air requirements for our nitrogen generators and oxygen generators, when a complete solution is needed.
